FOR BRIGHT COLOURS AND EXTRA TEMPTATION

INTRODUCTION

Do you want your Food Products to look attractive and mouth watering? If yes, then you must opt for Primary Food Colours. Primary Food Colours are basic colours and are widely used as additives, to dress up the Food products thereby making them visually more appealing. They are in purest form as they are processed in **Hygienic Conditions** to make them food grade colour for **Human Consumption**.

Our whole range of Primary Food Colours are prepared in accordance with the **INTERNATIONAL QUALITY STANDARDS**.

For over the past 5 decades, we are supplying complete range of **Superior Quality** of Primary Food Colours, under our Leading Brand "**SUN**", to our esteemed International and National Clients as per their requirements in a stipulated period of time.
